Thomas Friedman: Spring Banquet Speaker by Noel Rutherford

Thomas Friedman, one of the world's to the point where individuals, not preeminent commentators on international affairs as well as a threetime Pulitzer Prize-winner, is the guest speaker at our upcoming annual Spring Banquet on May 9. As a reporter for the New York Times, Friedman has covered many of the monumental stories of recent decades, from the return of Hong Kong to China and the assassination of Yitzhak Rabin to the wars in Afghanistan and Iraq.

Friedman's New York Times bestseller, Longitudes and Attitudes: The World in the Age of Terrorism, traces his post-9/11 journey from Afghanistan to Israel, Europe, Indonesia, and Saudi Arabia to meet with the regions' leaders, thinkers and citizens. Filled with emotional reactions and reasoned analysis, the book also includes a collection of his Pulitzer Prize-winning columns.

His bestseller, From Beirut to Jerusalem, serves as a basic text on the Middle East in many libraries nationwide. It won both the National **Book Award and Overseas Press** Club Award in 1989. The Lexus and the Olive Tree, which was also a bestseller, explains globalization's effect on the politics, culture, and economics of an increasingly interwoven global community. Kirkus Reviews called it "simply the best book written on globalization."

In his newest book, *The World is* Flat, a Brief History of the Twenty-First Century, Thomas takes globalization one step further by explaining that the world has shrunk has already arrived.

countries or companies, are increasingly able to think and act globally.

The convergence of personal computers, cheap telecommunications, and workflow software has changed the way the world works. The world has shrunk to the point where individuals, not countries or companies, are increasingly able to think and act globally. People anywhere in the world can now innovate and not emigrate if they have the required skills, Friedman says. This means that engineers in India and China will be able to compete on a level playing field with people in this country.

Friedman also said that the United States is ill equipped to handle the technological advances. In the 70's and 80's, the investment in scientific and technical education that began with the space race of the 50's and 60's began to slow down. But that was okay because of immigration. The U.S. imported the smartest Arab. Indian, and Chinese immigrants. But 9/11 has changed that. The U.S. has stopped inviting people and suddenly we are realizing that we don't have the talent. The universities aren't providing a large enough supply of technical and scientific graduates to fill the demand. We must radically improve science, mathematics, and engineering education and encourage young people to enter these fields. Friedman believes it is vital that we invest in the education of our youth now—the highly competitive flat world of tomorrow

Joint Spring Workshop 2005 : Information Organization for the 21st Century: Taxonomies, Ontologies, and the Semantic Web

SPONSORS:

DC Special Libraries Association (DC-SLA)-Lead Sponsor; District of Columbia Library Association (DCLA); Law Librarians' Society of Washington, DC (LLSDC); Federal Library and Information Center Committee (FLICC)

SPEAKERS:

Joseph Busch, Taxonomy Strategies, will give a keynote address on what taxonomies are and aren't Denise Bedford, World Bank, will share her expertise on implementing taxonomies Ramana Rao, Inxight, will discuss ground-breaking applications such as visualization Stuart Sutton, University of Washington, will explore the challenges of organizing educational content A Thomson representative will report on managing legal materials James Hendler, University of Maryland, will define and describe the semantic web Michael Daconta, Dept. of Homeland Security, will evaluate the Taxonomy-Ontology continuum

DATE: Friday, April 15, 2005

TIME: 8:30 – 9:00, Registration/Breakfast

(Please arrive promptly at 8:30 when LC opens, so you have enough time to go through security, find the Mumford Room, get registered, and eat breakfast before the program begins at 9:00) 3:30 – 4:00. Approximate Conclusion

PLACE: Mumford Room, 6th Floor, Madison Building, Library of Congress 101 Independence Avenue, SE (Nearest Metro stop is Capitol South on the Orange/Blue line)

PRICE: \$40 members, \$20 students, and \$60 non-members (Includes continental breakfast and lunch of assorted sandwiches and side salads, cookies and beverages). The tax ID number is 54-1079345.

REGISTRATION: Make checks payable to Joint Spring Workshop. No purchase orders, training request forms, or credit cards car If you will need a receipt, please check here: Call 703-597-2806 with any other questions or concerns. Registration form and check must be received by Friday, Ap	·

Z39: The Who, What, When, Where, and Why by Ann H. Slattery

Have you ever wondered where "Z39" comes from? Z39 refers to the development of a standardized system of communication that began taking shape before the Second World War. In 1939, the American National Standards Institute (ANSI), which is the private, nonprofit organization that promotes and facilitates voluntary standard-making in this country, gave its approval to the launching of a group interested in developing standards for libraries and publishing.

ANSI used the letters of the alphabet to designate the various standards developers. In this taxonomy, "Z" stood for "miscellaneous." Standards developers that were not classified elsewhere went into this category. Since the library group was put into "Z" and was the 39th standards group to request admission to ANSI, it was given the name "Z39." Until the 1980s it was known as ANSI Committee Z39. In 1983. it was incorporated as a not-forprofit educational association. In the following year it changed its name to the National Information Standards Organization (NISO).

The purpose of NISO, as stated at its Web site <www.niso.org>, is to identify, develop, maintain, and publish technical standards to manage information in our changing, digital environment. NISO standards have to do with the retrieval, re-purposing, storage, meta-

data, and preservation of information. These standards apply to libraries, bibliographic and information services companies, and publishers, and NISO procedures must meet ANSI essential requirements for "openness, balance, consensus and due process."

Today, 85 organizations in the fields of publishing, libraries, IT, and media belong to NISO and all vote on these voluntary standards. Its membership roster includes national libraries like the Library of Congress, as well as OCLC, the American Library Association, other nonprofit associations, and individual publishers and libraries.

Almost everyone is familiar with ISBNs, ISSNs, and DOIs. All of these come under NISO's purview. But other standards are currently in development, such as metasearching and open URL. In 2005, possible topics of discussion will expand to rights, digital archiving and preservations, and identifiers.

It is common practice for standards developer groups to charge a fee for their publications. Not so with NISO. "It is very unusual for a standards developer group to make its standards publications easily accessible. The usual way a group supports itself is through publication sales. But NISO's documents are available and free to the public," says Pat Harris, NISO's Executive Director. "They can be found on the

Web site and downloaded."

NISO is located in metropolitan Washington, D.C. But its voting members do not need to come to Bethesda to be part of what is going on. They keep in touch electronically and also meet once a year for a business meeting. NISO sponsors educational workshops throughout the year, open to anyone. They are usually held in Washington, D.C., and the next workshop will be in May 2005 on "Implementing the Open URL Standard."

Libraries wanting to get involved with NISO can choose between two membership categories. They can be Voting Members, or they can join the Library Standards Alliance, which is the nonvoting NISO membership category. The Web site says, "Although libraries are not excluded from becoming Voting Members of NISO, the voting membership dues are more appropriate for corporations and non-profit organizations serving many libraries."

Alliance members support NISO's standards development work and are kept up-to-date on its national and international standards activities. Annual conferences are being considered as a way to get all NISO members and other interested parties together each year.

Ann H. Slattery has worked for 25 years in the library field in a variety of settings: academic, public, school, and now federal. As an employee of Scientific and Commercial Systems Corporation, she is currently serving as a reference librarian at the National Library of Education. She earned her MLS at Catholic University.

DCLA Past President Featured Speaker at Beta Phi Mu Annual Meeting

by Shirley Loo

Susan Fifer Canby was the featured speaker at the annual meeting of the Iota Chapter of Beta Phi Mu on February 10, 2005. Susan is the vice president for information services at the National Geographic Society. She presented ten strategies for climbing the organization ladder in reverse order:

- Plan and set daily, monthly, and annual goals.
- Report on the impact of your work.
- Tell your story as on-going process.
- Find ways to leave the library and meet people on their turf.
- Surround yourself with the best people.
- Contribute to your professional associations.
- Innovate and take initiative by tackling the "white spaces."
- Embrace change as a way of doing business
- Take necessary risks.
- Watch for windows of opportunity.

She illustrated each strategy from her own career, which began in 1975.

After her well-received talk, several people asked her if she was planning to write an article on the topic.

Susan Fournier presided over the initiation and membership meeting as president of the Iota chapter. The gavel was then turned over to incoming president Andrea Gruhl.

LIBRARIANS AND LIBRARIES

(submissions welcome to psard@comcast.net)

Jennifer J. Preece is the new dean of the University of Maryland's College of Information Studies, effective January 1, 2005.

Dr. Preece was formerly professor of information systems at the University of Maryland Baltimore County (UMBC), where she served as department chair from 1997 to 2002. Under her guidance, the department flourished, nearly tripling the number of graduate students and faculty and doubling the number of undergraduate students.

Prior to joining UMBC, Dr. Preece was a research professor in human-computer interaction (HCI) and director of the HCI Research Center at South Bank University, London and a professor at the British Open University.

Dr. Preece earned an Honors Degree in biology from the University of Ulster in 1971 and a Ph.D. from the Open University, Institute of Educational Technology, London in 1985.

Dr. Preece's research focuses on computer-mediated communication and the design and management of online communities. She has served on the team working on the NSF-funded research to develop the International Children's Digital Library. She is the author of Interaction Design: Beyond Human-Computer Interaction (2002) and co-author of Online Communities: Designing Usability, Supporting Sociability (2000). The latter title is considered the first book to coherently bring together sociability and usability in online communities.

(This information thanks to the Fall 2004 issue of Infosource@Maryland.)

University Head Librarian. Gallaudet University. Provides overall leadership and management of university library services;

promotes and fosters the library's unique mission to collect, preserve, and provide access to its rich Deaf Collection, Archives, and original catalog of deafness-related materials; implements fundraising efforts, facilities management, and fiscal and strategic plans. Requirements: MLS from ALA-accredited institution; minimum five years experience in library administration; demonstrated sign language communication skills or willingness to learn. Library

The 2004/2005 DCLA Nominations Committee (Mary Augusta Thomas, Chair; Gail Avery) is pleased to present the following slate for the

2005/2006 DCLA Board

Candidate for Vice President - President-Elect

Elaine Cline

Chief Librarian Ralph Bunche Library U.S. Department of State 2201 C. Street, NW, Room 3239 Washington, D.C. 20520

<u>DCLA activities/offices held</u>: National Library Legislative Day Committee; Management Interest Group

Other professional activities: Member, ALA, ACRL, LAMA, and LITA. I have served on various ALA, PLA, and ACRL committees and held leadership positions in the Michigan Library Association and the Minnesota Library Association. I am also a member of the College of William and Mary, Earl G. Swem Library Friends Board and the Cleveland Park Library (DCPL) Friends.

<u>Your reason for running for office</u>: Throughout my career I have been an active member and supporter of local library associations. These grass roots organizations provide the essential backbone for library activism and continuing education. The DC Library Association has a long and distinguished history and has served the members well. I hope to be able to continue this tradition of advocacy and service to our community and our profession.

Candidates for Secretary

William Tuceling

Reference Librarian US Government Accountability Office 441 G St., NW; Room 7N14A Washington DC 20548

<u>DCLA activities/offices held</u>: Currently serves as DCLA rep to Joint Spring Workshop planning committee; serves on Audit Committee and Student Financial Assistance Committee. Served as Treasurer, Membership Chair, ALA Convention Local Arrangements Co-chair.

<u>Your reason for running for office</u>: To continue to use my many years as a DCLA volunteer and officer to broaden my connection/give something back to the library profession.

Cathy Zeljak

Director, Eckles Library; Head, Slavic, East European and Asian Reading Room Gelman Library System George Washington University 2130 H St., NW Washington, DC 20052

DCLA activities/offices held: Treasurer, 1998-2000; Director, 2000-2002, 2003-2005

Other professional activities: ALA/ACRL/Slavic and East European Section: Vice-Chair/Chair, 1995-1997; Chair, Electronic Resources Committee, 1998-2004; Co-Chair, Access and Preservation Committee, 2004-present; Co-Chair, Preservation Committee, 1995; Member, Continuing Education Committee, 1993-1995

Your reason for running for office: Serving as Secretary for the DCLA Board will give me a wonderful opportunity to continue contributing to DCLA after my term as Director expires this year. As a DCLA Director, my involvement on the Board includes actively participating on the ad hoc internal audit committee and the Association's strategic planning group. Both experiences have reaffirmed to me the value of DCLA to the local library community and the critical services it provides to its members. The organization's new strategic goals clearly speak to an exciting plan for continuing organizational growth and development. It would be an honor to serve as Secretary to the Association.

Candidates for Membership Secretary

Kirsten Allen

Reference and Instruction Librarian American University Library 4400 Massachusetts Ave., NW Washington, DC 20016

DCLA activities/offices held: Reference Interest Group Chair

Other professional activities: ALA, ACRL

Your reason for running for office: The Membership Secretary position offers the unique experience of being involved with the most important part of DCLA, the members. It also offers the opportunity to provide leadership for an organization that offers professional development opportunities for librarians from a wide range of libraries. The Reference Interest Group Chair position has given me the chance to plan programs for members interested in reference services, but it has also increased my desire to work more closely with all members.

Jennifer Paige

Library Technician InfoCurrent 2500 Clarendon Blvd., Apt. 203 Arlington, VA 22201

DCLA activities/offices held: I'm new!

Other professional activities: ALA member; just signed up for volunteer work at DC and Arlington Public Libraries; UMD Library Holiday Party Committee; New Boston Public Library supporter

Your reason for running for office: I strongly believe that DCLA is a wonderful asset to the profession. As a new DCLA member, and as a budding "librarian-to-be," I am amazed at how DCLA provides vital professional development, support, and outreach opportunities. As a life-long enthusiast for libraries, I would love to support my local library association. Membership Secretary seems like a great way to start.

Candidates for Director

Anne Heanue

Retired Associate Director American Library Association Washington Office 610 Pullman Place Alexandria, VA 22305

<u>DCLA activities/offices held</u>: Member since 1980; as ALA Washington Office staff worked with DCLA volunteers on Library Legislative Day, 1980-1984; Director and member of DCLA board, 1994-96; member Awards Committee, 2005.

Other professional activities: ALA, 1979 – ; Federal and Armed Forces Libraries Round Table, 1980 – ; Government Documents Round Table, 1984 – ; Freedom to Read Foundation, 1988 – ; FTRF Board of Trustees 2003 – .

Your reason for running for office: Serving again as a director of DCLA is an opportunity to work for the association and our profession. As a director, I will continue my commitment to intellectual freedom, privacy for those who use libraries, public access to government information, advocacy for libraries, and strong programming for the DCLA membership.

Susan Randolph

Candidate, Master's Degree in Public Administration George Washington University 3710 N. Vernon St. Arlington, VA 22207

 $\underline{\text{DCLA}}$ activities/offices held: Editor, $Intercom,\,2002$ – ; Chair, Management Interest Group, 1983-1984

Other professional activities: Secretary/Treasurer, Federal Librarians Roundtable, 1986-1987; FEDLINK Delegate, OCLC Users Council, 1985-1987; Co-editor, DCSLA Chapter Notes, 1988-1989; Chair, Program Chair, Treasurer, DCSLA Social Sciences Group, 1982-1986

Your reason for running for office: Joining DCLA was one of my first investments as I began preparing to resume my library career after an extended period as an at-home mother. Editing DCLA's newsletter *Intercom* (which I hope to do for at least several more years!) has made me aware of the range of DCLA's endeavors and confirmed the wisdom of my investment. One of my priorities, if elected, will be to make more of our colleagues aware of the value of membership in DCLA.

DCLA ballot enclosed. Submit your ballot by May 1!

(See pages 12 - 15 for candidate bios)

News of other elections:

Jane Sessa, past DCLA director, is a candidate for ALA Councilor-at-Large.

ALA online voting is open through April 22.

Call ALA on I-800-545-2433 (press 5) if you haven't received your electronic or paper ballot.
